The profession of Faith (Shahada)

The Arabic word (Islam) means submission, obedience, commitment and peace. Submission means we should cheerfully accept and act upon God's commandments. Obedience means abiding by God's law. Commitment means we bind ourselves to God; we put ourselves in His charge. If we submit to God's Will, obey His laws and commit ourselves to His charge, we will have peace.

Islam is the religion of truth and righteousness. It's not a new religion. Islam was ordained by God. It has always been and will be until the end of time. A person who holds the beliefs and follows the practices of Islam is called a Muslim. They worship God alone and believe that (there's no God except Allah) Allah has no partner. He is the Only One, so A Muslim always turns to God and to no one else for help and guidance.

Messengers were sent by God to specific peoples mostly with an oral message, but Prophets were connected with a written scripture. Muhammed has the advantage of being at once a messenger and a prophet. God revealed the Qur'an to Muhammed. It was revealed in Arabic sentence by sentence at different times over a period of twenty three years. The Qur'an is the only scripture in human history preserved in its complete and original form without any change in style , wording or punctuation. Whereas the Qur'an is the word of God, the Traditions of Muhammed (Hadith) are practical interpretations of the Qur'an. Hadith includes the recorded sayings and deeds of the prophet. It also includes the deeds of the prophet's companions which had his approval.

Muslims believe that as God is Merciful, Beneficent and Wise, everything he ordains is for the Good of man. Although we may be unable to perceive God's design we accept His Will. We must realize the limits of the human mind in comparison with God's limitless knowledge. Surrender to God's Will is therefore an essential article of the Muslim faith.

Muslims believe that life is meaningful, that the purpose of life is to worship and serve God. To worship God means more than prayer. It means to love Him, to obey His commandments and to do what is right. God knows each of us to carry His Islamic commitments.

Muslims believe that individuals must work for their good in this world and the next. Each Muslim must combine faith with action, belief with practice.

Faith must come through rational thinking and acceptance of God's ordainments. The Teachings of the Qur'an is based on revelation and reason. Islam will propagate not by force but by conviction. Muslims are commanded by God to observe Five basic creeds. We call these creeds the five pillars of Islam. The first pillar is the profession of faith (there's no God except Allah and Muhammed is the messenger of Allah). When this profession of faith is made with sincerity, an individual on the way to Islamic way of life. When this profession is put in force , then an individual has become a Muslim.

تعنى كلمة الاسلام باللغة العربية الخضوع والطاعة والالتزام والسلام . ويعنى الخضوع قبول أوامر الله بصدر رحب والعمل بها والطاعة هى التمسك بشريعة الله أما الالتزام فهو ان نكون متمسكين بالله عز وجل فنكون طوع مشيئته قلوبنا خاضعين لأرادة الله وأطعنا شرانعه والزمنا أنفسنا طوع مشيئته فانه يتحقق لنا السلام .

الاسلام دين الحق والاستقامة وليس ديناً جديداً فهو من عند الله فهو دين كائن وسيظل كائننا حتى يفنى الزمان فالانسان الذى يتمسك بعقائد وأعمال الاسلام يسمى مسلماً فالمسلمون يعبدون الله وحده ويؤمنون بأنه (لا اله الا الله لا شريك له) الواحد الأحد فلا يلجأ المسلم الا لله ولا يطلب العون والهداية الا منه .

وقد أرسل الله الرسل الى شعوب معينة معظمها رسالة شفوية أما الانبياء فهم مرتبطون بكتاب مقدس مكتوب (أما سيدنا محمد عليه الصلاة والسلام فهو رسول ونبي فى ان واحد ، فقد أنزل الله عليه القرآن باللغة العربية جملة تلو جملة فى أوقات مختلفة على ثلاثة وعشرين سنة) والقرآن هو الكتاب السماوى الوحيد فى تاريخ البشر ، فقد حفظ بتمامه وبشكله الأصلى من أي تغيير فى الأسلوب أو العبارات أو الترقيم ، فالقرآن الكريم هو كلام الله أما أحاديث سيدنا محمد (ﷺ) فهى تفسير عملي للقرآن ويشمل الحديث أقوال وأفعال النبي (ص) كما تشمل أيضاً أعمال صحابته التى نالت موافقته . يؤمن المسلمون أنه طالما ان الله رحمن ورحيم وحكيم فان كل شئ يأمر به هو لصالح الانسان . فبالرغم من اننا غير قادرين على ادراك ارادة الله سبحانه وتعالى الا اننا يجب ان نكون طوع مشيئته فيجب ان ندرك أن هناك حدود للعقل البشرى التى لا يمكن مقارنتها بعلم الله الذى ليس له حدود له فالاستسلام لأرادة الله حينئذ يكون مبدأ أساسى من بنود عقيدة المسلم .

يؤمن المسلمون بأن الحياة ذات معنى وأن هدفها هو عبادة الله والقيام على خدمته والعبادة تحوي معان أكثر من الصلاة فالعبادة هى حب الله والانقياد لأوامره وما ألزمنا به . كما يؤمن المسلمون أن الناس يجب ان يعملوا لصالحهم فى الدنيا والآخرة . فالمسلم يجب ان يربط بين الدين والعمل به وبين العقيدة والممارسة ، والعقيدة يجب ان تتبع من تفكير منطقي متمثل وقبول لأوامر الله . وتعاليم القرآن مبنية على الوحي والعقل فالاسلام ينتشر بالاقناع لا القوة ، وقد امر المسلمون أن يؤدوا خمس عقائد أساسية وهى التى تسمى أركان الاسلام الخمس وأولها شهادة ان لا اله الا الله وأن محمداً رسول الله ، وحينما تؤدى الشهادة باخلاص فان المسلم يصبح على طريق الاسلام وعندما تكون الشهادة محل التنفيذ فان الفرد بذلك يصبح مسلماً .

1- What are some of the fundamental beliefs of a Muslim.

Unit 2

Prayer(Salat)

Before prayers, we wash the exposed parts of our bodies (Wudu). First we silently say that our intention (niyat) in washing is to make Wudu. When wudu is completed, we're ready for prayers. There're Five daily prayers which consist of either two, three or four units (rakats). These prayers are obligatory for adult Muslims except those incapacitated by illness.

The names of five daily prayers, their times and the numbers of units:

Fajr(The dawn prayer) to be observed some time between dawn and sunrise, consists of two units.

Dhur(the early afternoon prayer), to be observed some time just afternoon until mid-afternoon, consists of four rakats.

Asr (the late afternoon prayer), to be observed some time just between mid-afternoon, consists of four rakats.

Maghrib (the evening prayer), to be observed some time just after sunset until the last light fades, consists of three rakats.

Isha (the night prayer), to be observed at some time during the night, consists of four rakats .

Additional (sunnah) Prayer:

It was the practice of the prophet (pbuh) often to say additional prayers immediately preceding and / or following the obligatory (Fard) prayers which we have just described. Many Muslims perform these prayers regularly in reverence to the prophet (pbuh).

Personal prayer or supplication:(Du'a)

Upon the completion of the required (Fard) Prayers or the Sunnah prayers, we can pray in our own words (du'a) if we wish expressing whatever is in our hearts. Whether it be praise, thanksgiving, asking forgiveness. Supplication for ourselves or for others or any other thing.

congregational prayers: it is recommended that when do or more Muslims are present at the time of a prayer, they form a congregation and pray together. A leader (Imam) is selected from among the men in

the group preferably a person of religious knowledge and the group form straight parallel rows behind him, Standing shoulder to shoulder but not touching each other, all facing Qibla(the direction of Ka'aba). Women form separate parallel rows behind the men .

On Friday, Muslim men and boys go to the mosque to pray the Friday (Jum'a) congregational prayer. It's obligatory for them but not to the women. (Jum'a) prayer consists of two rakats, substituting for the four rakats of Dhur. Preceded by a sermon (Khutba), and is observed at Duhr time on Friday, always in congregation.

Eid prayer:

There're two Eids. The first is called Eid-ulfitr (the festival of Fast-Breaking) and it tells on the first day of Shawwal following the month of Ramadan. The second Eid is Eid- ul-Adha (The Festival of Sacrifice) and it falls on the tenth day of Dhul-Hijjah, the last month on the Islamic calendar. The Eid prayer is any time after sunrise and before noon on either of the two Eids. No call to prayer (adhan) or summons (Iqamah) is required. This prayer consists of two rakats with six to sixteen additional takbirs (Allah Akbar) offered in congregation and followed by a sermon (Khutba).

Unit 3

Fasting (Sawm)

The fast of Ramadan, the ninth month of the Muslim year is observed by adult Muslims, men and women except the aged and the sick. Those on a journey may postpone the fast. For the whole of the month of Ramadan, believers must abstain from sunrise till dusk from food, drink and sexual relations. During the night special prayers are performed (Taraweeh). When the new moon appears and the month of fasting is ended. Muslims celebrate. The festival which lasts three days is called Eid el Fitr or the Lesser Festival.

Fasting is an act of pure submission to God's command given in the Qur'an to observe the fast. Fasting has many benefits but its true significance is to develop a sense of complete obedience to the One who created us and gave us our physical and spiritual needs and the means to fulfill these needs. We acknowledge that God is our sustainer and through his bounty - through the use of natural resources and our faculties we obtain our sustenance. Hence if God commands us to abstain from food, drink and the fulfillment of other natural appetites for a period of time, we gladly obey his commands. God says in Qur'an: (O you who believe! Fasting is prescribed to you As it was prescribed to those before you. That you may (learn) self restraint (2: 183))

While many benefits come to us through fasting the primary benefit is that we learn self restraint, discipline of our appetites and flexibility of our habits. Over indulgence in eating, drinking, smoking or marital relations makes one the slave of one's desires and habits. Through fasting one becomes free of this slavery and habits. Through fasting afflictions those who are well-off learn to appreciate the afflictions of the poor-hunger and thirst - and become more sympathetic towards them.

When a person fasts, he feels that he is joining the whole Muslim world in a spiritual act.

Thus increasing his sense of community and brotherhood. Fasting also helps to improve peoples' health, such as the elimination of fatty

substances from the blood, decrease in the harmful activity in intestinal microbes and of uric acid and so on, but it should be emphasized that all of these benefits are not the object of fasting. As was stated earlier we fast solely because God commands us to do so, as devote and obedient servants to His Will.

صوم رمضان الشهر التاسع من التقويم الاسلامى يحافظ عليه المسلم البالغ من الرجال او النساء، فيما عدا المسنين منهم والمرضى، أما الذين هم على سفر فيمكنهم تأجيل الصوم. فطوال شهر رمضان يجب أن يمتنع المؤمنون من (شروق الشمس حتى غسق الليل). عن الطعام والشراب والعلاقات الجنسية وتؤدي صلاة التراويح أثناء الليل. وعندما يظهر القمر الجديد ينتهي شهر الصوم ويحتفل المسلمون بالعيد الذي يستمر ثلاثة أيام يسمى عيد الفطر.

الصوم عمل فيه الخضوع الصافي لأمر الله كما ورد في القرآن الكريم الحفاظ عليه. والصوم له فوائد عديدة ولكن مغزاه الحقيقي هو تنمية الشعور بالطاعة التامة للواحد الذي خلقنا ومنحنا كل احتياجاتنا البدنية والروحية وكل وسائل الوفاء بها. فنحن جميعا نعترف بأن الله هو رازقنا ومن فضله من خلال استخدامنا للموارد الطبيعية نحصل على أرزاقنا لفترة من الزمن وأنا بكل سرور نطيع أمره. قال الله تعالى في القرآن الكريم: (يا أيها الذين آمنوا كتب عليكم الصيام كما كتب على الذين من قبلكم لعلكم تتقون) (سورة البقرة آية: ١٨٣)

وبينما تأتى لنا فوائد كثيرة من الصوم فإن الفائدة الأساسية هي أننا نتعلم كبج جماح النفس والنظام في شهواتنا والمرونة في عاداتنا. فالانغماس في الأكل والشراب والتدخين والعلاقات الزوجية تجعل الانسان عبدا لرغباته وعاداته. فعن طريق الصوم يصبح الانسان حرا من رغباته وعاداته وكذلك يتعلم الأغنياء كيف يشعرون بعذاب الفقراء من جوع وعطش ويتعاطفون معهم. وعندما يصوم الانسان فإنه يشعر بأنه مرتبط بالعالم الاسلامي كله في عمل روحي، وبذلك يزداد شعوره بالمجتمع والأخوة كما يحسن الصوم من صحة الانسان، وذلك مثل إزالة المواد الدهنية من الدم ونقص النشاط الضار للميكروبات المعوية ونقص حامض اليوريك وهكذا ولكن يجب أنه يؤكد أن كل هذه الفوائد ليست الهدف من الصوم فكما بينا قبل ذلك أننا نصوم فقط لأن الله أمرنا بذلك عبدا ورعين طائعين لارادته.

Unit 4

Almsgiving (Zakat)

Zakat is the third pillar of Islam. It's an obligation (Fard) prescribed by God for those Muslim men and women who possess enough means to distribute a certain percentage of their annual savings or capital in goods or money among the poor and needy. Zakat is assessed at the end of the year on both capital and savings from income. The details of percentages and the method of distribution and collection are based on the practices of prophet Muhammed (PBUH) and his companions.

The literal meaning of the word Zakat is 'purity'. The prophet (PBUH) has said:

"God has made Zakat obligatory simply to purify your remaining property". There's no equivalent practice in other religions. Hence, While terms such as charity, poor-tax, alms-tax and poor-due, almsgiving, have been coined by various translators, none of these terms actually conveys the true sense of the word Zakat. Zakat isn't a tax levied by a government, nor is it a voluntary contribution. It's first and foremost a duty enjoined by God and hence an essential article of faith. In Qura'n the payment of Zakat is frequently mentioned in the same sentence or verse as the establishment of Salat (prayers).

"O! Those who believe and do good deeds and establish Salat and pay zakat, their reward with their Sustainer, and no fear shall come upon them, nor shall they grieve" (2:277)

Thus, while salat is an act of worship through words and bodily action, zakat is a devotional act through one's wealth. Without the spirit of submission to God and love of Him, both acts are without spiritual and moral significance.

In the Qur'an, wealth is referred to as God's bounty (Fadl) God, as the creator and sustainer of the universe, is also the owner of all things, including all the things which man possesses and uses. (Who has created the heavens and the earth and sends down rain for you from

the sky? With it We caused to grow in them orchards full of loveliness: it isn't in your power to make trees Grow in them)

Since God is the true Owner of all things and we are merely his trustees, wealth is to be produced, distributed, acquired and spent in a way which is pleasing to Him. The acquisition of wealth is not an end in itself nor is wealth to be squandered for meaningless or wasteful purposes, and above all it isn't to be used in order to gain power over other people through exploitation or control of the means of livelihood. Qur'an and Hadith make it very clear that any form of gain which results in some injustice or harm to others is an act of disobedience to God. On the other hand, Qur'an tells us that next to purity of faith, the most pleasing in the sight of God is kindness and charity, forbearance and forgiveness and doing good to others.

(Those who spend in charity whether in prosperity or adversity, who restrain anger and pardon people; for God loves those who do good to others).

Zakat is compulsory on cash, cattle and crops. The regulations differ for each of these categories . . . for cash, the minimum rate is two and one-half percent (2.5%).

Those who are eligible to receive Zakat are mentioned in the Qur'an.

"The alms are only for the poor, the needy, those who collect them, those whose hearts are to be reconciled, to free the captives and the debtors, for the cause of God and for the travellers; a duty imposed by God. God is all-knowing, All-wise". (9.60).

الزكاة هي الركن الثالث فى الإسلام فهى فرض كتبه الله على المسلمين رجالاً ونساءً، للذين يملكون النصاب الكافى يوزعون منه نسبة مئوية معينة من مدخراتهم السنوية أو من رأس

مالهم سواء كان بضاعة أو مالاً وذلك على الفقراء والمحتاجين. وتؤدي الزكاة في نهاية العام على رأس المال والمدخرات من الدخل. وتفصيل تلك النسب المئوية وطريقة توزيعها وجمعها مبنية على ما كان يفعله النبي صل الله عليه وسلم وصحابته والمعنى الحرفي لكلمة زكاة هي الطهارة فيقول النبي صل الله عليه وسلم (إن الله فرض عليكم الزكاة طهرة لأموالكم) ولا يوجد نظير لها في الأديان الأخرى ومن ثم فإن تلك الكلمات مثل الإحسان وضريبة الفقراء وضريبة الصدقات وحق الفقراء وإعطاء الصدقات كل ذلك قد صاغه المترجمون ولا يوجد أي لفظ من تلك الألفاظ تنقل المعنى الحقيقي لكلمة زكاة. فالزكاة ليست ضريبة تجبها الحكومة ولا هي كذلك إسهام تطوعي فهي أولاً وأخيراً واجب فرضه الله ومن ثم فالزكاة شرط أساسي من شروط الإيمان. ففي القرآن الكريم فإن إيتاء الزكاة يذكر من حين لآخر في نفس الآية التي يذكر فيها إقامة الصلاة.

(إن الذين آمنوا وعملوا الصالحات وأقاموا الصلاة وآتوا الزكاة لهم أجرهم عند ربهم ولا خوف عليهم ولا هم يحزنون "سورة البقرة آية ٢٧٧").

وبينما الصلاة تؤدي بكلمات وأفعال بدينية فإن الزكاة عمل تعبدي عن طريق مال الإنسان، وبدون روح الخضوع لله وحبه فإن كلا العاملين لا يكون لهما المحزى الروحي والأخلاقي.

وفي القرآن الكريم فإن المال يشار إليه بأنه فضل الله كما أن الله هو خالق ورازق الكون فإنه هو أيضاً مالك كل شيء بما في ذلك ما يملكه الإنسان ويستخدمه.

(أمن خلق السماوات والأرض وأنزل لكم من السماء ماء فأنبثنا به حدائق ذات بهجة ما كان لكم أن تنبتوا شجرها "سورة النمل آية ٦٠").

وبما أن الله هو المالك الحقيقي لكل شيء وما نحن إلا مجرد وكلاؤه فإن المال يجب أن يخرج ويوزع ويكتسب وينفق بطريقة ترضيه. واكتساب المال يجب ألا يكون هدفاً في حد ذاته ولا يجب أن يبدد في أعراض مسرفة لا معنى لها. كما أن أهم من ذلك كله أن لا يستعمل المال لكسب السلطة على الناس، وذلك للاستغلال والسيطرة على أرزاقهم، ويوضح القرآن الكريم والحديث أن أي شكل من أشكال الكسب ينتج عنه بعض الظلم أو الضرر للآخرين هو عصيان لله ومن ناحية أخرى فإن القرآن الكريم يخبرنا أن أكثر شيء يرضى الله بعد الإيمان هو الرحمة والإحسان والصبر والعفو وفعل الخير للآخرين.

(الذين ينفقون أموالهم في السراء والضراء والكاظمين الغيظ والعافين عن الناس والله يحب المحسنين)(سورة آل عمران آية ١٣٤).

والزكاة فرض على النقد والماشية والمحاصيل، وتختلف قواعد الزكاة لكل من هذه المجموعات فبالنسبة للنقد فإن الحد الأدنى له ٢.٥%.

وأولئك الذين يستحقون الزكاة مذكورون في القرآن الكريم "إنما الصدقات للفقراء والمساكين والعاملين عليها والمؤلفة قلوبهم وفي الرقاب والغارمين وفي سبيل الله وابن السبيل فريضة من الله والله عليم حكيم" (سورة التوبة الآية ٦٠).

✓ Very briefly, the obligatory (fard) observances of Hajj are:

1. **IHRAM**, (the physical and spiritual state of consecration to God)

Before approaching Mecca, the pilgrim takes a full bath (ghusl) before putting on the garments of ihram. In ihram attire, he expresses his intention (niyat) to perform hajj. The putting-on of ihram is followed by a two rak'a(unit) prayer.

The ihram dress, which all male pilgrims wear, consists of two sheets of ordinary unsewn white cloth which symbolizes the renunciation of worldly and material goals and vanities. The pilgrim who is in a state of consecration (muhrim) must abstain from certain satisfactions and pleasures.

2. **TAWAF**(circumambulation of the Ka'ba):

On entering the sacred Mosque the muhrim goes towards the Black Stone which he kisses or touches. Starting from the Black Stone and keeping the building on his left, he makes the seven circuits. Certain prayers are repeated, and at the end of every circuit the black stone is kissed or touched.

3. **SA'AI** (hastening):

The next rite is that of running between the two elevations called Safa and Marwa. God has prescribed the remembrance of Hajar's attempts to find water as an important part of the observances of Hajj. Each pilgrim ascends as-Safa. At the top he makes devotional calls (talbiya), descends from the hill, walks the distance to al-Marwa and climbs it, making similar talbiya, repeating sa'ai seven times.

4. **ARAFAT and MUZDALIFA**:

After sunrise on the 9th of Dhul-Hijja, the pilgrim sets out for Mount Arafat reciting talbiya. Here Dhur and Asr prayers are performed in congregation. Just after

sunset, all the pilgrims leave for Muzdalifa where everyone performs Maghrib & Isha prayers and passes the night.

5. MINA:

On the morning of the 10th of Dhul-Hijja, the pilgrims return to Mina, where there are three stone pillars representing three positions where the devil (Satan) tried to tempt prophet Ismail (peace be upon him) to rebellion when his father was leading him to the place of sacrifice. Ismail drove away the devil by throwing stones at him. The pilgrims throw stones at the same pillars to signify the rejection of evil promptings.

6. EID-UL-ADHA (The Feast of Sacrifice):

After stoning the first of the three pillars, the pilgrims sacrifice a sheep, goat or camel, following the practice (Sunnah) of the prophet Ibrahim who sacrificed a ram when God spared him the sacrifice of his son Ismail (peace be upon them). While Eid-uladha is actually a part of the observances of hajj, it is also celebrated throughout the Muslim world, and every Muslim who can afford it sacrifices an animal on this occasion.

الحج هو الركن الخامس للإسلام وهو فرض على الأقل مرة واحدة في العمر على كل مسلم ومسلمة يتوافر لهم الشروط الآتية: عندما ينوي المسلم ان يؤدي الحج وجب ان يكون عاقلا سليم الصحة خال من الديون، ولا بد ان يكون له مصادر كافية لسداد نفقات سفره. وباختصار شديد فان فرائض مناسك الحج هي:

١- **الاحرام:** (وهي تمثل تقديسا روحيا وبدنيا لله سبحانه وتعالى) قبل القرب من مكة يغتسل الحاج ثم يرتدي لباس الاحرام ثم انه وهو محرم ينوي أداء الحج ، ثم يصلي ركعتين. ولباس الاحرام الذي يرتديه كل حاج يتكون من ملايتين من القماش الابيض العادي الغير مخيط والذي يرمز الى تخليته عن الأغراض الدنيوية والمادية بكل غرور ما. كما يجب ان يمتنع الحاج المحرم عن شهوات ومتع معينة.

٢- **الطواف:** عند دخول المسجد الحرام يتوجه الحاج نحو الحجر الأسود ويقبله او يلمسه ثم يطوف الحاج سبع اشواط بدئا بالحجر الأسود وجاعلا الكعبة عن شماله مرددا دعوات معينة وفي نهاية كل شوط يقبل الحاج الحجر الأسود او يلمسه.

٣- **السعى:** والشعيرة الأخرى هي السعى بين مكانين مرتفعين يدعو الصفا والمروة. وقد وصف الله ذكرى محاولات هاجر ان تجد الماء بأنها جزء هام من مناسك الحج فيصعد كل حاج الصفا. وفي أعلى الصفا يدعو الحاج بدعوات التلبية ثم ينزل من التل ويقطع المسافة الى المروة ويصعد عليها وهو يلبي ايضا ثم يكرر ذلك سبع مرات.

٤- **عرفات والمزدلفة:** وبعد شروق الشمس في اليوم التاسع من ذو الحجة يتوجه الحاج نحو عرفه ملبيا وهنا يصلي صلاة الظهر والعصر جماعة ثم انه بعد الغروب مباشرة يغادر كل الحجاج الي المزدلفة، حيث يؤدي كل واحد منهم صلاة المغرب والعشاء ويقضون الليل هناك.

٥- **منى:** وفي صباح اليوم العاشر من ذو الحجة يعود الحجاج الى منى حيث يوجد ثلاث أعمدة حجرية يمثلون ثلاث أماكن حاول فيها ابليس أن يغري سيدنا اسماعيل عليه السلام ان يتمرد وهو يقوده أبوه الى مكان التضحية وطرده سيدنا اسماعيل الشيطان بقذفه بالحجارة. ويرمى الحجاج الحجارة فى نفس الأركان ليسيئوا رفضهم لآغراءات الشيطان.

٦- **عيد الأضحية:** بعد رمى الجمرات الأولى يضحي الحاج بضأن او ماعز او جمل متبعا سنة سيدنا ابراهيم الذى ضحى بكبش عندما اعفاه الله من أن يضحي بابنه اسماعيل عليه السلام.

وبينما يعتبر عيد الأضحي جزءا من مناسك الحج فان العالم الاسلامي كله يحتفل به. وفي هذه المناسبة يذبح كل مسلم أضحية ان كان في استطاعته ذلك.

Unit 6

Al-Azhar conference

القدس

AL-AZHAR reaction to the US administration decree regarding Jerusalem as the capital of the Zionistic entity. AL-Azhar has been undertaking a religious and cultural responsibility towards Muslim issues, beside the trust it took on for more than a thousand and seventy years. Such trust now heavily stressed in the light of the late crisis experienced by Jerusalem due to the recent decree issued by the American administration declaring Jerusalem as the capital of the Zionistic entity and moving the American embassy to Jerusalem. This is a reckless and irresponsibility manner that lacks the least consideration of the Muslim nation's fate. The declaration has blatantly changed the feelings of the Arabs and the Muslims in particular, as well as the feelings of the free world and the lovers and advocates of peace worldwide. The consequence of this decree is that it widely opens the gates of evil, extremism and hatred.

In the light of the above, Al-Azhar called for the convening of an international conference to support Jerusalem and the question of Palestine under the title (Al-Azhar International Conference to support Jerusalem) held on Wednesday, rabi' ul-Akher 29th, 1439 (January 17th 2018) and Thursday, Jumada 1-Uwla 1st, 1439 (January 18th, 2018) at Al-Azhar conference center, located in Nasr city. The purpose of the conference was to discuss the mechanism of a procedure that can regain the Palestinian dignity, protect their land preserve the identity of religious sanctities and fend off the Zionistic arrogance that challenges the international resolutions and provokes the feelings of both the Muslims and Christians around the world.

TEXT

History confirms that religious and national extremism as well as intolerance have all produced in the world ,be it in the East or West, what might be regarded as presages of a third world war being fought piecemeal. In several parts of the world, these presages have begun to unveil their ugly faces ,as in many tragic circumstances where the precise number of victims, widows ,and orphans is unknown. Furthermore, other regions are being prepared to become theatres of blowups, with outbreaks of tension and a build-up of arms and ammunition, all in a global context where uncertainty, disillusionment, fear of the future, and domineering narrow-minded economic interests loom large.

Likewise, we affirm that crushing political crises, forms of injustice and lack of equitable distribution of natural resources —enjoyed only by a rich minority to the detriment of the majority of the peoples on earth —have all generated, and continued to generate, vast numbers of poor, infirm and deceased persons. This has led to catastrophic crises that afflict various countries. Such crises that resulted in the starvation of millions of children reduced into skinny skeletons by poverty and hunger suspiciously met with unacceptable international silence. This context indicates the significance of the family, as an indispensable nucleus of society and humanity, in bringing children to the world, raising them, educating

them, and providing them with solid moral formation and domestic security. So, attacking the institution of the family, belittling or doubting its key role is one of the most serious evils in our era.

We also affirm the importance of raising religious awareness and the need to revive this awareness in the hearts of the new generations through sound education and adherence to moral values and upright religious teachings. This is how we can confront individualistic, selfish and conflicting tendencies, and combat radicalism and blind extremism in all their forms and expressions.

The first and foremost aim of religions is for people to believe in and worship God, and to invite all men and women to believe that this universe depends on One God who governs it. He is the Creator who has formed us with His divine wisdom and granted us the gift of life so that we may protect it. It is a gift that no one has the right to take away, threaten or manipulate at will. Indeed, everyone must safeguard this gift of life so that we may protect it. It is a gift that no one has the right to take away, threaten or manipulate at will. Indeed, everyone must safeguard this gift of life from birth to natural death. We, therefore, condemn all those practices that constitute a threat to life, such as genocide, terrorist act, forced displacement, trafficking in human organs, abortion, and so - called "euthanasia". We, likewise, condemn the policies that promote such practices.

ISLAMIC CIVILIZATION

For centuries, Islamic civilization has produced scientists responsible for advancements in technology, physics, medicine, geography and other major branches of science. Both the scientific method and modern Algebra were pioneered by Muslim scientists working in the 10 th century. Many of the discoveries attributed to Muslim scientists were made in the golden age of Islamic science that lasted for almost a millennium and laid the foundations for much of Western Medicine and Mathematics.

Some of the great scientific achievements made by Muslims are in the field of geography. In fact, the Muslims' great concern for geography originated with their religion. The Qur'an encourages people to travel throughout the world to see God's signs everywhere. Islam also requires each Muslim to have at least enough knowledge of geography to know the direction of the Qiblah (the position of Ka'bah in Makka) in order to pray five times a day. Muslims were also used to making long journeys to conduct trade as well as to make pilgrimage and spread their religion through being good models. The broad expansion of the Islamic Empire enable scholars and explorers to collect great geographical and climatic information from the Atlantic to the Pacific.

Among the most famous names in the field of geography, even in the West, are Ibn Khaldun and Ibn Batuta, famous for their written accounts of their extensive explorations. In 1166, AL-Idrisi produced very accurate maps, including a world map with all the continents and their mountains, rivers and famous cities . Al-Muqdishhi was the first geographer to produce accurate map in color .

Spain was ruled by Muslims under for over 700 years .By the 15th century in Spain, Muslims had established centers of learning which gained respect all over the known world of that time . Unlike Europeans, Muslims in Spain and those who lived there with them did not experience "Dark Ages".In January of 1492, Muslim Spain surrendered to Catholic Rome under King Ferdinand and Queen Isabella. By July of the same year, Muslims were instrumental in helping navigate Christopher Columbus to the Caribbean South of Florida. It was, moreover, with the help of Muslim navigators and their inventions that Magellan was able to cross the Cape of Good hope . Both Da Gamma and Columbus had Muslim navigators and scientists on board of their ships.

الحضارة الإسلامية

أنتجت الحضارة الإسلامية على مدى قرون العطاء المسؤولين عن التقدم في التكنولوجيا و الفيزياء و الطب و الجغرافيا و غيرها من العلوم الرئيسية. فكان علماء المسلمين رواد كل من الأسلوب العلمي و الجبر الحديث ، فهم الذين عملوا في القرن العاشر و تنسب إليهم الكثير من الإكتشافات في العصر الذهبي للعلوم الإسلامية الذي استمر لألف عام تقريباً ووضع الأسس لكثير من الطب الغربي و الرياضيات.

بعض الإنجازات العلمية العظيمة التي حققها المسلمون في مجال الجغرافيا. في الحقيقة اهتم المسلمون اهتماماً عظيماً بالجغرافيا التي تتفق مع دينهم. فالقرآن شجع الناس على السفر في جميع أنحاء العالم لمشاهدة دلائل الله الموجودة في كل مكان. فالإسلام يتطلب من كل مسلم أن يكون على دراية كافية على الأقل بالجغرافيا لمعرفة اتجاه القبلة (موضع اتجاه الكعبة في مكة المكرمة) من أجل الصلاة خمس مرات يومياً.

أخذ المسلمون أيضاً على القيام برحلات طويلة لممارسة التجارة و كذلك لأداء فريضة الحج و نشر دينهم من خلال كونهم قنوة جيدة. لقد مكن التوسع الهائل للإمبراطورية الإسلامية العلماء و المستكشفين من جمع معلومات جغرافية و مناخية هائلة من المحيط الأطلنطي إلى المحيط الهادي. من بين أشهر الأسماء في مجال الجغرافيا حتى في الغرب هم ابن خلدون و ابن بطوطة المشهوران بالتقارير المكتوبة عن استكشافاتهم المكثفة. في ١١٦٦ رسم الأندلسي خرائط دقيقة بما في ذلك خريطة للعالم بجميع القارات و جبالها و أنهارها و منتهى الشهيرة. و كان المقدسي أول جغرافي يرسم خرائط دقيقة بالألوان. حكم المسلمون أسبانيا لأكثر من ٧٠٠ سنة و بحلول

القرن الخامس عشر أنشأ المسلمون مراكز تعليمية اكتسبت الاحترام من الجميع في جميع أنحاء العالم المعروف في ذلك الوقت. على عكس الأوروبيين فلم يكن لديهم الخبرة كالمسلمون الذين عاشوا في أسبانيا فعاشوا في العصور المظلمة وفي يناير عام ١٤٩٢ استسلمت أسبانيا المسلمة إلى روما الكاثوليكية في عهد الملك فرديناند و الملكة إيزابيلا. وبحلول شهر يوليو من نفس العام كان للمسلمين دور فعال في المساعدة في الملاحة البحرية مع كريستوفر كولومبوس إلى منطقة البحر الكاريبي جنوب فلوريدا.

علاوة على ذلك، كان ماجلان قادراً على عبور رأس الرجاء الصالح بمساعدة الملاحين المسلمين و اختراعاتهم. كان لكل من داغاما و كولومبوس ملاحين و علماء مسلمين على متن سفنهم.
